""You've done excellent research and there were some

things that I learned that I didn't know. It was interesting what you had to say about the accusers and about his dad, Joe Jackson. I liked your comparison that Americans will sleep with animals in their bed but they are not accused of bestiality... good comparison... You've presented a convincing story about people who fabricated stories for personal gain, including the media, at the expense of Michael Jackson... great job and very interesting."
